|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | The Shear Zone now runs roughly along Lat. 22°N across central & adjoining north Peninsular India between 4.5 & 7.6 km above mean sea level tilting southwards with height. The north-south trough from northwest Rajasthan to northeast Arabian sea across Gujarat at 1.5 km above mean sea level persists. Southwest monsoon strong over West Central Arabian sea, moderate to Strong over Southwest, East Central and North Arabian sea, moderate over Southeast Arabian sea. |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

#### **North West Arabian Sea**

|               |                                                          |
|---------------|----------------------------------------------------------|
| Wind          | Mainly Southwesterly 20 to 25 knots gusting to 30 knots. |
| Weather       | Scattered Rain/Thundershowers.                           |
| Visibility    | Good becoming poor in Rain or Thundershowers.            |
| Sea Condition | Rough                                                    |

#### **North East Arabian Sea**

|               |                                                                       |
|---------------|-----------------------------------------------------------------------|
| Wind          | Southwesterly to Westerly 15 to 20 knots gusting to 25 knots.         |
| Weather       | Scattered Rain/Thundershowers with isolated squall.                   |
| Visibility    | Good becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate to Rough                                                     |

#### **West Central Arabian Sea**

|               |                                                                |
|---------------|----------------------------------------------------------------|
| Wind          | Southerly to Southwesterly 25 to 30 knots gusting to 35 knots. |
| Weather       | Isolated Rain/Thundershowers.                                  |
| Visibility    | Good except in Rain/Thundershowers.                            |
| Sea Condition | Rough to Very Rough                                            |

### East Central Arabian Sea

|               |                                                                       |
|---------------|-----------------------------------------------------------------------|
| Wind          | Southwesterly to Westerly 20 to 25 knots gusting to 30 knots.         |
| Weather       | Scattered Rain/Thundershowers with isolated squall.                   |
| Visibility    | Good becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Rough                                                                 |

### South West Arabian Sea

|               |                                                                                                                                                                                  |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Wind          | East of 60 deg East Long: Southwesterly to Westerly 15 to 20 knots gusting to 25 knots; West of 60 deg East Long: Southerly to Southwesterly 25 to 30 knots gusting to 35 knots. |
| Weather       | Isolated Rain/Thundershowers.                                                                                                                                                    |
| Visibility    | Good except in Rain/Thundershowers.                                                                                                                                              |
| Sea Condition | Rough to Very Rough                                                                                                                                                              |

### South East Arabian Sea

|               |                                                                       |
|---------------|-----------------------------------------------------------------------|
| Wind          | Westerly to Northwesterly 15 to 20 knots gusting to 25 knots.         |
| Weather       | Scattered Rain/Thundershowers with isolated squall.                   |
| Visibility    | Good becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate to Rough                                                     |

### Lakshadweep Area

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Westerly to Northwesterly 15 to 20 knots gusting to 25 knots.             |
| Weather       | Fairly Widespread Rain/Thundershowers with isolated squall.               |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate to Rough                                                         |

### Maldives Area

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Mainly Westerly 10 to 15 knots gusting to 20 knots.                       |
| Weather       | Fairly Widespread Rain/Thundershowers with isolated squall.               |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate                                                                  |
