|                    |                                                                                                                              |
|--------------------|------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | Southwest monsoon moderate to strong over Central and North west Arabian sea , moderate over Northeast and South Arabian sea |
|--------------------|------------------------------------------------------------------------------------------------------------------------------|

**North West Arabian Sea**

|               |                                                          |
|---------------|----------------------------------------------------------|
| Wind          | Southerly to Southwesterly 20 to 25 Gusting to 30 KNotes |
| Weather       | Isolated Rain/Thundershowers.                            |
| Visibility    | Good except in Rain/Thundershowers.                      |
| Sea Condition | Moderate to Rough                                        |

**North East Arabian Sea**

|               |                                                        |
|---------------|--------------------------------------------------------|
| Wind          | Southwesterly to Westerly 15 to 20 Gusting to 25 Knots |
| Weather       | Scattered Rain/Thundershowers.                         |
| Visibility    | Good becoming poor in Rain or Thundershowers.          |
| Sea Condition | Rough                                                  |

**West Central Arabian Sea**

|               |                                                          |
|---------------|----------------------------------------------------------|
| Wind          | Southerly to Southwesterly 20 to 25 Gusting to 30 Knpots |
| Weather       | Isolated Rain/Thundershowers.                            |
| Visibility    | Good except in Rain/Thundershowers.                      |
| Sea Condition | Rough                                                    |

**East Central Arabian Sea**

|      |                                                        |
|------|--------------------------------------------------------|
| Wind | Southwesterly to Westerly 20 to 25 Gusting to 30 Knots |
|------|--------------------------------------------------------|

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Weather       | FairlyWidespread Rain/Thundershowers with isolated squall.                |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Rough                                                                     |

#### South West Arabian Sea

|               |                                                                                                                                                                                 |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Wind          | West of 58 Deg East Longitude : Southerly to Southwesterly 20 to 25 Gusting to 30 KNOTS ; East of 58 Deg East Longitude: Southwesterly to Westerly 15 to 20 Gusting to 25 Knots |
| Weather       | Isolated Rain/Thundershowers.                                                                                                                                                   |
| Visibility    | Good except in Rain/Thundershowers.                                                                                                                                             |
| Sea Condition | Rough to Very Rough                                                                                                                                                             |

#### South East Arabian Sea

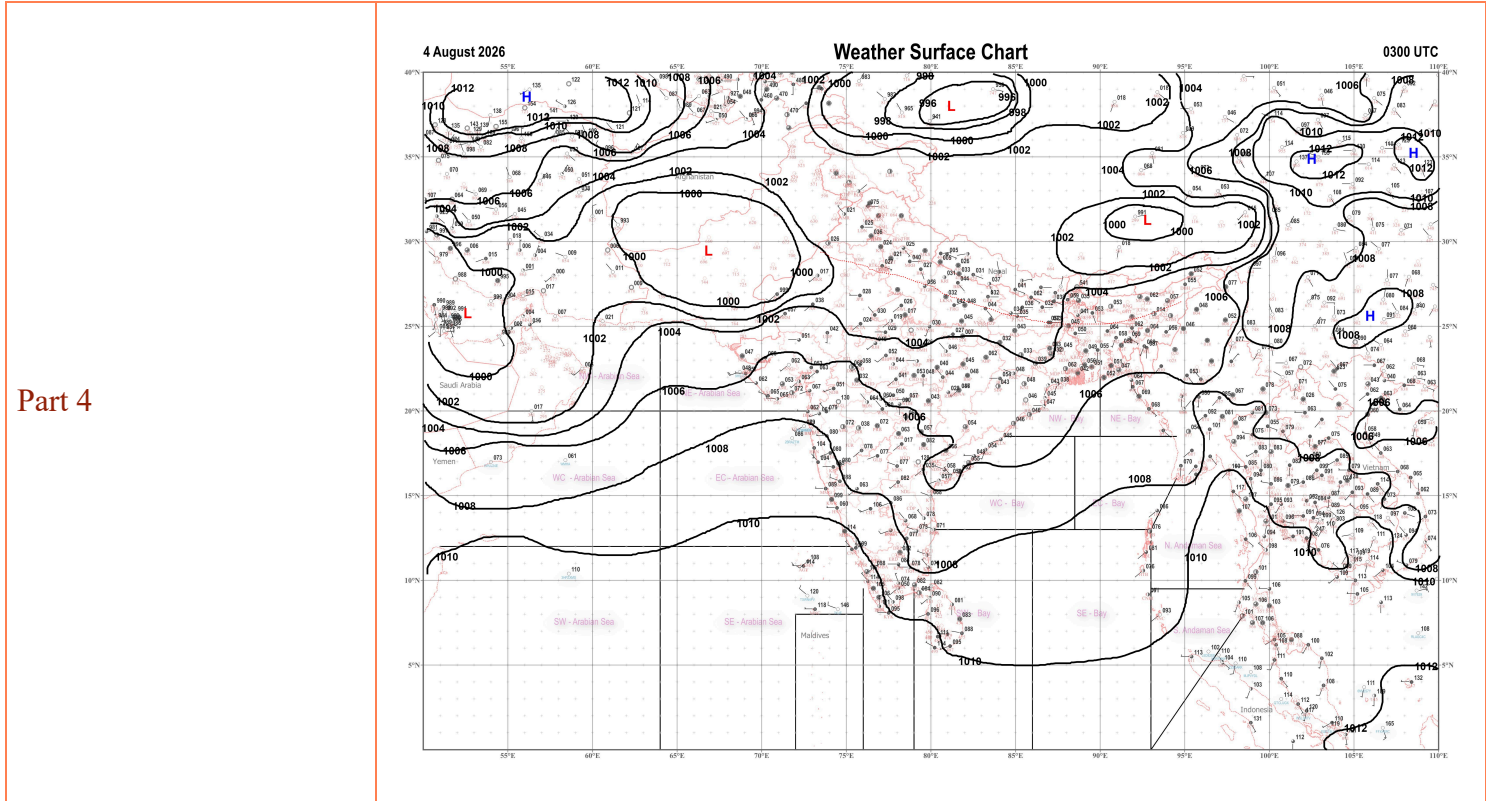

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Westerly to Northwesterly 15 to 20 Gusting to 25 Knots                    |
| Weather       | FairlyWidespread Rain/Thundershowers with isolated squall.                |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate to Rough                                                         |

#### Lakshadweep Area

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Northwesterly to Westerly 15 to 20 Gusting to 25 Knots                    |
| Weather       | FairlyWidespread Rain/Thundershowers with isolated squall.                |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate to Rough                                                         |

#### Maldives Area

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Mainly Northwesterly 15 to 20 Gusting to 25 Knots                         |
| Weather       | FairlyWidespread Rain/Thundershowers with isolated squall.                |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Slight to Moderate.                                                       |
