### Sea Area Bulletin

**Bulletin Valid for 12 hrs from 21 UTC of 2025-10-24 to 09 UTC of 2025-10-25**

|             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| TTT Warning | The Depression over eastcentral Arabian Sea moved nearly northwards with a speed of 15 kmph during past 6 hours and lay centered at 1730 hrs IST of today, the 24th October 2025, over the eastcentral Arabian Sea, near latitude 15.2°N & longitude 70.7°E, about 340 km west of Panjim (Goa), 510 km north-northwest of Aminidivi (Lakshadweep), 520 km west-northwest of Mangalore (Karnataka) and 490km south-southwest of Mumbai (Maharashtra). It is likely to move nearly north-northeastwards across Eastcentral Arabian Sea during next 24 hours. |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | The Depression over eastcentral Arabian Sea moved nearly northwards with a speed of 15 kmph during past 6 hours and lay centered at 1730 hrs IST of today, the 24th October 2025, over the eastcentral Arabian Sea, near latitude 15.2°N & longitude 70.7°E, about 340 km west of Panjim (Goa), 510 km north-northwest of Aminidivi (Lakshadweep), 520 km west-northwest of Mangalore (Karnataka) and 490km south-southwest of Mumbai (Maharashtra). It is likely to move nearly north-northeastwards across Eastcentral Arabian Sea during next 24 hours. Weather seasonal over rest Arabian Sea. |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### North West Arabian Sea

|               |                                                                                                                                                                                    |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Wind          | North of 23 deg North Lat: Northwesterly to Westerly 10 to 15 knots gusting to 20 knots; South of 23 deg North Lat: Northerly to Northeasterly 10 to 15 knots gusting to 20 knots. |
| Weather       | Isolated Rain/Thundershowers.                                                                                                                                                      |
| Visibility    | Good except in Rain/Thundershowers.                                                                                                                                                |
| Sea Condition | Slight to Moderate.                                                                                                                                                                |

### North East Arabian Sea

|            |                                                                       |
|------------|-----------------------------------------------------------------------|
| Wind       | Northerly to Northeasterly 15 to 20 knots gusting to 25 knots.        |
| Weather    | Scattered Rain/Thundershowers.                                        |
| Visibility | Good becoming poor in Rain or Thundershowers and very poor in squall. |

|               |           |
|---------------|-----------|
| Sea Condition | Moderate. |
|---------------|-----------|

### West Central Arabian Sea

|               |                                                                       |
|---------------|-----------------------------------------------------------------------|
| Wind          | Northerly to Northeasterly 15 to 20 knots gusting to 25 knots.        |
| Weather       | Scattered Rain/Thundershowers with isolated squall.                   |
| Visibility    | Good becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Moderate to Rough.                                                    |

### East Central Arabian Sea

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Mainly Cyclonic 25 to 30 knots gusting to 35 knots.                       |
| Weather       | Fairly Widespread Rain/Thundershowers with isolated squall.               |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Rough to Very Rough.                                                      |

### South West Arabian Sea

|               |                                                                                                                                                                               |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Wind          | East of 70 deg East Long: Mainly Southwesterly 20 to 25 knots gusting to 30 knots;<br>West of 70 deg East Long: Northwesterly to Westerly 15 to 20 knots gusting to 25 knots. |
| Weather       | Scattered Rain/Thundershowers with isolated squall.                                                                                                                           |
| Visibility    | Good becoming poor in Rain or Thundershowers and very poor in squall.                                                                                                         |
| Sea Condition | Rough.                                                                                                                                                                        |

### South East Arabian Sea

|               |                                                                       |
|---------------|-----------------------------------------------------------------------|
| Wind          | Southwesterly to Westerly 25 to 30 knots gusting to 35 knots.         |
| Weather       | Scattered Rain/Thundershowers with isolated squall.                   |
| Visibility    | Good becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Rough to Very Rough.                                                  |

### Lakshadweep Area

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Wind          | Southwesterly to Westerly 20 to 25 knots gusting to 30 knots.             |
| Weather       | Fairly Widespread Rain/Thundershowers with isolated squall.               |
| Visibility    | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |
| Sea Condition | Rough to Very Rough.                                                      |

### Maldives Area

|            |                                                                           |
|------------|---------------------------------------------------------------------------|
| Wind       | Mainly Southwesterly 20 to 25 knots gusting to 30 knots.                  |
| Weather    | Fairly Widespread Rain/Thundershowers with isolated squall.               |
| Visibility | Moderate becoming poor in Rain or Thundershowers and very poor in squall. |

Sea Condition

Rough to Very Rough.
