|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | The Low Pressure Area over Northwest-Westcentral Bay of Bengal & adjoining south Odishanorth Andhra Pradesh coasts lay over Coastal areas of south Odisha - north Andhra Pradesh at 1730 hrs IST of today, the 11th September 2026. The associated cyclonic circulation extends upto 9.4 km above mean sea level tilting southwestwards with height. It is likely to become more marked and move west-northwestwards across south Odisha - north Coastal Andhra Pradesh during next 24 hours. .Southwest Monsoon Moderate over South Bay of Bengal ; Weak to Moderate over Eastcentral Bay of Bengal and Andaman Sea. |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

**South West Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts          |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

**South East Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

**West Central Bay**

|               |                                                                   |
|---------------|-------------------------------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts gusting 25 kts                |
| Weather       | Fairly widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower                |
| Sea Condition | Slight to Moderate occasionally Rough                             |

**East Central Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Southeast to Southerly, 10 - 15 kts          |
| Weather       | Fairly widespread rain or thundershowers     |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth to Slight                             |

**North West Bay**

|               |                                                  |
|---------------|--------------------------------------------------|
| Wind          | Mainly Southeasterly, 15 - 20 kts gusting 25 kts |
| Weather       | Fairly widespread rain or thundershowers         |
| Visibility    | Moderate becoming Poor in rain/thunder shower    |
| Sea Condition | Slight to Moderate occasionally Rough            |

**North East Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southeasterly, 15 - 20 kts            |
| Weather       | Fairly widespread rain or thundershowers     |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

**South Andaman Sea**

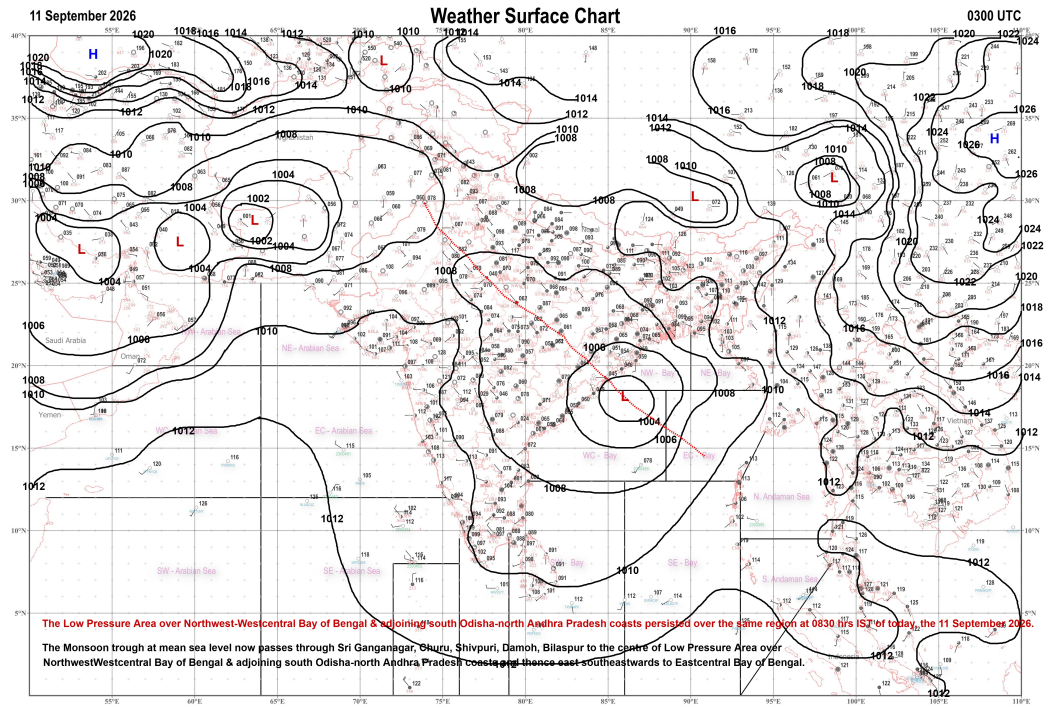

|      |                              |
|------|------------------------------|
| Wind | Mainly Westerly, 10 - 15 kts |
|------|------------------------------|

|               |                                              |
|---------------|----------------------------------------------|
| Weather       | Fairly widespread rain or thundershowers     |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth to Slight                             |

North Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 10 - 15 kts          |
| Weather       | Fairly widespread rain or thundershowers     |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth to Slight                             |
