### Sea Area Bulletin

**Bulletin Valid for 12 hrs from 21 UTC of 2026-07-09 to 09 UTC of 2026-07-10**

|             |                                                      |
|-------------|------------------------------------------------------|
| TTT Warning | No storm warning over Bay of Bengal and Andaman Sea. |
|-------------|------------------------------------------------------|

|                    |                                                                                                                                                                                                                                                             |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | An upper air cyclonic circulation lay over northwest Bay of Bengal & neighbourhood at 5.8 km above mean sea level. Southwest Monsoon Moderate to Strong over North Bay of Bengal; Moderate over Central Bay of Bengal, South Bay of Bengal and Andaman Sea. |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

#### **South West Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts          |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### **South East Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### **West Central Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts          |
| Weather       | Fairly widespread rain or thundershowers     |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### **East Central Bay**

|               |                                                  |
|---------------|--------------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts gusting 25 kts |
| Weather       | Fairly widespread rain or thundershowers         |
| Visibility    | Moderate becoming Poor in rain/thunder shower    |
| Sea Condition | Slight to Moderate occasionally Rough            |

#### North West Bay

|               |                                                                               |
|---------------|-------------------------------------------------------------------------------|
| Wind          | Mainly Southwesterly, 20 - 25 kts gusting 30 kts                              |
| Weather       | Widespread rain or thundershowers with isolated heavy to very heavy rain      |
| Visibility    | Moderate becoming Poor to very Poor in heavy to very heavy rain/thundershower |
| Sea Condition | Moderate to Rough occasionally Very Rough                                     |

#### North East Bay

|               |                                                                               |
|---------------|-------------------------------------------------------------------------------|
| Wind          | Mainly Southwesterly, 20 - 25 kts                                             |
| Weather       | Widespread rain or thundershowers with isolated heavy to very heavy rain      |
| Visibility    | Moderate becoming Poor to very Poor in heavy to very heavy rain/thundershower |
| Sea Condition | Moderate to Rough                                                             |

#### South Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### North Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

|               |                                                                                                                                                                                                                                                                                                                                                                                                                                      |
