**ACWC KOLKATA / ए.सी.डब्ल्यू.सी कोलकाता**

**Sea Area Bulletin**

**Bulletin Valid for 12 hrs from 09 UTC of 2026-10-07 to 21 UTC of 2026-10-07**

|             |                   |
|-------------|-------------------|
| TTT Warning | No Storm Warning. |
|-------------|-------------------|

|                    |                                                                                                                            |
|--------------------|----------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | Southwest Monsoon Weak to Moderate over Northwest and Southwest Bay of Bengal; Weak over rest Bay of Bengal & Andaman Sea. |
|--------------------|----------------------------------------------------------------------------------------------------------------------------|

**South West Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | East to Southeasterly, 10 - 15 kts           |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth to Slight                             |

**South East Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | East to Southeasterly, 5 - 10 kts            |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth                                       |

**West Central Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | East to Southeasterly, 5 - 10 kts            |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth                                       |

**East Central Bay**

|      |                      |
|------|----------------------|
| Wind | Variable, 5 - 10 kts |
|------|----------------------|

|               |                                              |
|---------------|----------------------------------------------|
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth                                       |

#### North West Bay

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 10 - 15 kts          |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth to Slight                             |

#### North East Bay

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Southwesterly, 5 - 10 kts                    |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth                                       |

#### South Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Southwest to Westerly, 5 - 10 kts            |
| Weather       | Fairly widespread rain or thundershowers     |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth                                       |

#### North Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Variable, 5 - 10 kts                         |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Smooth                                       |

**7 October 2026**

**Weather Surface Chart**

**0300 UTC**

The chart displays the following features:

- Pressure Contours:** Isobars are drawn at 4 hPa intervals, with labels such as 1012, 1014, 1016, 1018, and 1020.
- High (H) and Low (L) Pressure Systems:** Several high and low pressure centers are marked with their respective symbols and values.
- Wind Vectors:** Wind direction and speed are indicated by arrows and numerical values.
- Geographical Labels:** Major landmasses and bodies of water are labeled, including Saudi Arabia, Yemen, Oman, NE-Arabian Sea, WC-Arabian Sea, EC-Arabian Sea, SW-Arabian Sea, SE-Arabian Sea, Persian Gulf, and the Red Sea.
- Latitude and Longitude:** The chart is bounded by latitudes from 5°N to 40°N and longitudes from 55°E to 110°E.
