### Sea Area Bulletin

**Bulletin Valid for 12 hrs from 09 UTC of 2026-08-10 to 21 UTC of 2026-08-10**

|             |                  |
|-------------|------------------|
| TTT Warning | No Storm Warning |
|-------------|------------------|

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | The upper air cyclonic circulation over northwest Bay of Bengal & neighbourhood persists and extends upto 7.6 km above mean sea level tilting southwestwards with height. Under its influence, a Low Pressure Area is likely to form over the same region around 12th August, 2026. Southwest Monsoon Moderate to Strong over North Andaman Sea; Moderate over Central Bay, South Bay of Bengal and South Andaman Sea; Weak to Moderate over North Bay of Bengal. |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

#### South West Bay

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts          |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### South East Bay

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### West Central Bay

|               |                                                  |
|---------------|--------------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts gusting 25 kts |
| Weather       | Scattered rain or thundershowers                 |
| Visibility    | Good becoming Moderate in rain/thundershower     |
| Sea Condition | Slight to Moderate occasionally Rough            |

### East Central Bay

|               |                                                                   |
|---------------|-------------------------------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts gusting 25 kts                  |
| Weather       | Fairly widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower                |
| Sea Condition | Slight to Moderate occasionally Rough                             |

### North West Bay

|               |                                                            |
|---------------|------------------------------------------------------------|
| Wind          | South to Southwesterly, 10 - 15 kts                        |
| Weather       | Widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower         |
| Sea Condition | Smooth to Slight                                           |

### North East Bay

|               |                                                            |
|---------------|------------------------------------------------------------|
| Wind          | South to Southwesterly, 10 - 15 kts gusting 25 kts         |
| Weather       | Widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower         |
| Sea Condition | Smooth to Slight occasionally Rough                        |

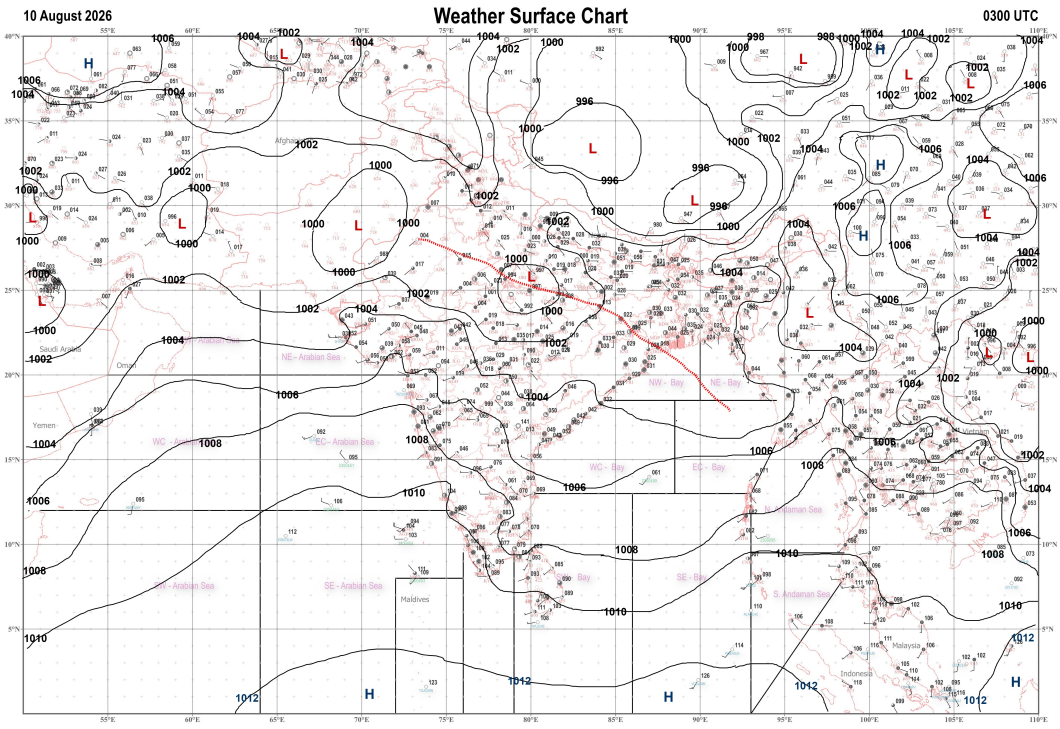

### South Andaman Sea

|               |                                                  |
|---------------|--------------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts gusting 25 kts |
| Weather       | Fairly widespread rain or thundershowers         |
| Visibility    | Moderate becoming Poor in rain/thunder shower    |
| Sea Condition | Slight to Moderate occasionally Rough            |

### North Andaman Sea

|               |                                                            |
|---------------|------------------------------------------------------------|
| Wind          | Mainly Southwesterly, 20 - 25 kts gusting 30 kts           |
| Weather       | Widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower         |
| Sea Condition | Moderate to Rough occasionally Very Rough                  |
