### Sea Area Bulletin

**Bulletin Valid for 12 hrs from 09 UTC of 2026-07-10 to 21 UTC of 2026-07-10**

|             |                                                      |
|-------------|------------------------------------------------------|
| TTT Warning | No storm warning over Bay of Bengal and Andaman Sea. |
|-------------|------------------------------------------------------|

|                    |                                                                                                                                          |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Synoptic Situation | Southwest Monsoon Moderate to Strong over North Bay of Bengal; Moderate over Central Bay of Bengal, South Bay of Bengal and Andaman Sea. |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------|

#### **South West Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts          |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### **South East Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### **West Central Bay**

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | South to Southwesterly, 15 - 20 kts          |
| Weather       | Scattered rain or thundershowers             |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### **East Central Bay**

|      |                                   |
|------|-----------------------------------|
| Wind | Mainly Southwesterly, 15 - 20 kts |
|------|-----------------------------------|

|               |                                               |
|---------------|-----------------------------------------------|
| Weather       | Scattered rain or thundershowers              |
| Visibility    | Moderate becoming Poor in rain/thunder shower |
| Sea Condition | Slight to Moderate                            |

#### North West Bay

|               |                                                            |
|---------------|------------------------------------------------------------|
| Wind          | Mainly Southwesterly, 20 - 25 kts gusting 30 kts           |
| Weather       | Widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower         |
| Sea Condition | Moderate to Rough occasionally Very Rough                  |

#### North East Bay

|               |                                                            |
|---------------|------------------------------------------------------------|
| Wind          | Mainly Southwesterly, 20 - 25 kts gusting 30 kts           |
| Weather       | Widespread rain or thundershowers with isolated heavy rain |
| Visibility    | Moderate becoming Poor in heavy rain/thundershower         |
| Sea Condition | Moderate to Rough occasionally Very Rough                  |

#### South Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

#### North Andaman Sea

|               |                                              |
|---------------|----------------------------------------------|
| Wind          | Mainly Southwesterly, 15 - 20 kts            |
| Weather       | Isolated rain or thundershowers              |
| Visibility    | Good becoming Moderate in rain/thundershower |
| Sea Condition | Slight to Moderate                           |

|                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
