

AURORA OBSERVATION :: Dated - Saturday 06/05/2023

From :: Area Cyclone Warning Center Kolkata (Alipore Weather office)

To :: Port Blair Radio, Kolkata Port Wireless

Part One

No storm warning.

Part Two

Weather seasonal over Bay of Bengal & Andaman Sea. A low pressure area is likely to form over southeast Bay of Bengal and neighbourhood by 8th May, morning. It is likely to concentrate into a depression over Southeast Bay of Bengal around 9th May. Thereafter, it is likely to intensify into a cyclonic storm while moving nearly northwards towards central Bay of Bengal. The details of its path and intensification will be provided after the formation of the low pressure area. The system is under constant watch and being monitored regularly.
